PROJECTS

Bankist

- Bankist is a modern banking landing page built with HTML, CSS, and JavaScript. It features smooth scrolling, interactive navigation, lazy loading, modal windows, sliders, tabbed components, and other dynamic UI interactions to create a responsive and engaging user experience.

Fried Chicken

- Fried Chicken is a responsive and interactive food website built with HTML, CSS, and JavaScript. It uses the ScrollReveal library to add smooth scroll-based animations and engaging visual effects, creating a modern and dynamic user experience.

Payoo Mobile Banking Web App

- Built a responsive banking application using JavaScript, HTML, Tailwind CSS, and DaisyUI, featuring Add Money, Cash Out, Money Transfer, Bill Payment, and Transaction History functionalities.

English Janala

- English Janala is an interactive vocabulary learning website built with HTML, CSS, and JavaScript, using APIs to dynamically load lessons and vocabulary. It includes search, saved words, vocabulary details, loading states, active lesson highlighting, and Speech Synthesis for word pronunciation.
